

ur Freshmen, Buffet, Dance...

Big 'Summers End' Event Is All Free

At 8 p.m. the Four Freshmen, popular recording stars, present a concert in the Smith gymnasium. The concert is sponsored by the Social Office and is free with an activity card, which will also admit a guest. Following the concert there will be a buffet dinner in the Wilkinson Center. Buffet dinner will be held from until 11 p.m. Tickets are still available at the main desk of the Wilkinson Center for the dinner, will be given out without charge. Guest tickets are 50 cents.

SCOTTISH ROYAL
Dell Minze's orchestra is scheduled to provide music for the event beginning at 9:45 p.m. in

the Wilkinson Center Ballroom.

Decorations will carry out the theme of the Scottish Royal and will feature the interior of an archaic castle. The dance is also free with an activity card. Refreshments and Scottish entertainment will be in the Wilkinson Center. The Four Freshmen are Bob Planting and bass player who is the lead; Bill Comstock, guitar player and composer; Ken Albers, piano player who also plays mellophone and arranges numbers; and Ross Barbour, tenor voice who plays drums, trumpet, and composition.

MANY APPEARANCES
Always in demand for college dates, the Four Freshmen have appeared on every major campus in the United States. Their varied versatility is demonstrated by their ability to play a total of seven instruments between them.

They started out as "The Toppers" in 1940 and created a "modern, inventive concept to vocal music." This new type of music caused them to, as Ross Barbour put it, make "a lot of music and very little money."

CHANCE TO RECORD
This changed when they played in Dayton, Ohio, however. There a man named Stan Kenton stopped and heard the group and phoned Capitol Records in Hollywood. He convinced Capitol Records to have the Four Freshmen sign a contract.

It wasn't long before the Four Freshmen had made fame with recordings like "It's a Blue World," "And So It's Over," and others.

Stephen R. Covey

der Covey peaks At 53rd Ward residence In Semi's

Stephen R. Covey will speak at 9 p.m. in the 53rd Ward residence.

Professor Covey, administrative assistant to President Ernest L. Benson, has held a variety of positions in the Church of Jesus Christ of Latter-day Saints and in business. From 1962-1965 he served as Mission President in Ireland for the church. He also served a two-year term in the British Isles from 1955. He was in the bishopric of the BYU 12th Ward from 1958. He served as bishop of the 12th Ward from 1961-1962.

Professor Covey's professional titles are varied. He is Assistant Professor of Business Management at BYU, and also on the faculty of the Institute of Management Sciences. He served as Executive Training Consultant and General Lecturer from business government from 1957-1966. He also actively engaged in the promotion of Utah's ski industry.

Recently he is Director of University Relations at BYU. Professor Covey is married to Della Merrill Covey. They have four children: Cynthia, Maria, Sherry, Michael Sean, and David.

Center Ballroom following the Four Freshmen Concert. The concert, a buffet dinner, and dance are free to students with activity cards

Dr. Elden Beck Dies At 61

Dr. Elden Beck of the Zoology and Entomology Department at BYU died in his home Wednesday, Aug. 9, at the age of 61.

Dr. Beck is survived by his parents, Mitchell and Ruth Beck of Los Angeles, his brother, Keith, also of Los Angeles, and his sister, Grace Larson of Salt Lake City. In addition, he is survived by his four children: Janet, Brent, Linda and Larry.

Dr. Beck first came to BYU in 1925 to study for a B.A. degree in zoology which he received in 1929. In 1930 he received his M.A. in zoology.

In 1930, Dr. Beck received a scholarship to Iowa State University, where he received his doctorate in entomology in 1933. During that same year he married Florence Robinson.

Dr. Beck began teaching in 1933 as director of biology at Dixie College. In the fall of 1938 he came to BYU as an assistant professor.

In 1947 he was elevated to the position of associate professor and became chairman of the department in 1962 and held that position until 1963.

'Barefoot In The Park' Gets Audience Approval

By Dona Gregory
Universe Editor

"Barefoot In The Park" opened to a packed house, Wednesday evening in the Pardo Drama Theater. Under the direction of Dr. Luel Woodbury, the Broadway smash comedy was warmly received by the sell-out crowd.

OVERCOMES ODDS
Karie Cannon as the newly-wedded, Korie Bratter, made her official debut into the BYU theater. She managed to overcome overwhelming obstacles that lesser actresses would have found themselves submerged in. While crazy Korie is supposed to be a bit eccentric, due to unimaginative and inappropriate costuming, she came off as a bit gaudy.

Except for the help of Peggy Lautenschlager as the lovable, logical mother, Karie had to carry an otherwise heavy cast.

DELIGHTED AUDIENCE
Peggy, last seen in BYU's production of "King Lear" delighted

the audience as she objected to the surroundings, but turned out to be a good sport in spite of her daughters wild notions.

Newcomer Keith Atkinson showed a tremendous amount of potential. During Act I he had difficulty with over-articulation, but once he got warmed up during a heated argument in Act 2, he didn't seem to have much trouble and the audience responded in return.

IN AND OUT

Gene Henderson, for some unknown reason, certainly wasn't up to his usual ability last evening. He kept slipping in and out of character which he never really got into during the entire performance. The audience didn't ever see the charming, suave, Victor Valasco as a proud, penniless Frenchman.

Small technical difficulties plagued the performances, such as a ladder in the scenery with "Scene Shop" written on it, and overall decor that just didn't fit the play as being eccentric, but tasteful.

Channel 13 Rebroadcasts Series...

Vietnam Documentary On TV

"ABC Scope: The Vietnam War," ABC News' long-running weekly television series devoted solely to the war in Vietnam, will be regularly rebroadcast on New York City's National Educational Television outlet, WONT-TV, every Monday evening, 7:30 to 8 p.m., N.Y.T., starting August 14, it was announced today by Elmer W. Lower, President of ABC News.

The "ABC Scope" series is fed twice every Saturday to the stations of the ABC Television Network (7 to 7:30 p.m., EDT, and 10:30 to 11 p.m., EDT). In the New York City area, "ABC Scope" is a televised first-run every Sunday

afternoon on WABC-TV from 2 to 2:30 p.m., EDT.

In making the announcement Mr. Lower said, "We are pleased to make this series available and we know that 'ABC Scope' will find new interested viewers who are not able to see it at its Sunday time."

"We are happy that educational TV finds 'ABC Scope' worthwhile enough to give it a second weekly showcase."

Commenting on this novel arrangement, John Kimmeler, President of Channel 13, said, "We have always wanted to clear appropriate commercial programs for re-

use on Channel 13. Usually, the cost of rights have made this impractical. In this case I am very pleased we were successful in making these arrangements. This is an effective example of the cooperation that exists between commercial and non-commercial television in New York. Surely the additional exposure of this documentary series will benefit the public we both serve."

PERFORMS SERVICE

"ABC Television Network, its News Division, its local Channel, WABC-TV, have our great thanks for allowing us these rebroadcast privileges. We are glad that Channel 13 can perform this service for viewers in the metropolitan area."

ABC News Diplomatic Correspondent John Scali is the host of "ABC Scope: The Vietnam War."

Hints On Buying Meat

Summer is the time for Bar-B-Ques, and if you're wondering what kind of meats to purchase, and how to get the most nutrition from them, here are some hints that should be helpful.

FEDERAL BEEF GRADES

Beef grading is not compulsory. Meat sold over retail counter may or may not be on par with Federal graded meat. Meat marked USDA Choice is high quality meat from young well-fed beef cattle, well marbled with fat, juice, tender and flavorful. Popular in restaurants and hotels. Less popular with the average consumer who objects to the generous amount of fat surrounding most of the meat muscle. Meat marked, USDA Good is of high quality preferred by most consumers for its juiciness, tenderness and flavor. Lastly, beef marked

USDA Standard is of a high proportion of lean to fat, fairly tender, less juicy than prime or choice. Acceptable quality and flavor. From slightly older or under-finished beef.

MEAT STORAGE

Fresh Meat—Break the seal or loosen the market wrapping and store in coldest part of the refrigerator to be used within two days. Store ground meat flattened in pans so the cold refrigerator air can penetrate the center.

Frozen Meat—Properly wrap in moisture-vapor-proof, freezer material, freezing immediately and store at 0°F.

Cooked Meat—Cooked meat, rapidly cooled and stored in a tightly covered container in refrigerator or wrap in moisture-vapor-proof freezer material and freeze.

Most People Happy In New Homes But Would Add Features For Comfort

Some clues on the resale value of the home you now own, or plan to buy, come from a nationwide survey of owners of new homes. The survey, made for the Owens-Corning Fiberglas Corporation, covered 20 metropolitan areas and 10,000 families who had lived in their new homes six months to two years.

90 PER CENT HAPPY

It showed that more than 90 per cent of these families were pleased with their investments but that a majority want some thing more the next time they buy.

Some of the popular features that were the major preferences of the 10,000 families were: Noise control

the house. Nearly three-fifths want more insulation for greater comfort and for resulting economies in heating and cooling costs. Most people want a closed-in family room, next to the kitchen.

For which about three-fifths would pay extra for construction that would reduce noise levels inside

DOMESTIC PROBLEM

Government Spending Grow

JUST SOME FACTS

There are some important facts that we all should know about, facts that will help us prevent a vastly higher level of Federal spending in the future. They are areas where expenditures are going up and down. They are:

1. Since 1960, the personnel comprising the civilian payroll of the Federal government has grown by 25 per cent.
2. Since 1960, the cost of government payrolls, including the military, has grown by 75 per cent.
3. Since 1960, non-defense expenditures of the government are up 97 per cent.
4. Since 1960, expenditures for national welfare and health programs are up 210 per cent.

These are just a few items that

all Americans should consider. Facts that show there is a strong probability that government spending will double again in the 1970's unless a major change in attitudes takes place. It is being predicted that we will have a \$500 billion Federal budget by 1980. We wonder if the people really want this massive government. Are we willing to pay for it? Can we pay for it? Your legislators in Washington would like to know what you think.

Careless Drivers

Practice Mistakes

Sometimes experience is not the best teacher. The Utah Safety Council points out that many careless drivers are simply practicing their mistakes when they drive. The new defensive course, designed by the National Safety Council, teaches defensive techniques to help you survive on the highway. It's also a handy brush-up course for drivers who have become careless. For information about Defensive Driving courses in the Utah area, call the Utah Safety Council, 320 US61, or write to them at 307 State Office Building, Salt Lake City, Utah 84114.

Ladie's Army Recruiter To Interview Students

Captain Marilyn A. Riddle, Women's Army Corps representative, will visit BYU August 16-17 to discuss the opportunities available to women students as officers in the Women's Army Corps (WAC).

Appointments for a personal interview may be made by contacting the Army recruiter, Sergeant Russell John at 373-4159 or Keith Duffin, who is located on campus at the Student Placement Office.

Officers in the Women's Army Corps receive the same pay and privileges as their male counterparts, to include fast promotion, executive experience, and educational benefits under the GI bill. Professional areas available to the WAC officer include public information, accounting, intelligence, data processing, administration, personnel, land and recreation to name a few. During the initial two years of active duty, she may have the opportunity to serve in Alaska, Hawaii, Germany, Japan, Okinawa or Belgium.
